Productivity re-imagined

The EvoluJet® printing system delivers the productivity, flexibility, and reliability you need in your production environment today with a four-color, cut-sheet inkjet printer. Whether you are looking to replace toner systems or add a more effective platform for shorter runs and reprints, the EvoluJet will deliver a strong return on your investment.

Meet deadlines while processing full-color, 100-percent variable data statements, bills, marketing mail, and more on a single platform.

Produce print output fast with over 2-hours of continuous operation made possible with high-volume ink capacity and the ability to load and unload paper while printing.

Manage print queue and complex workflows with the EFI Fiery Controller

Quality output you demand

Produce precision output with high resolution for fine lines, sharp text, and smooth gradients

Get color consistency from water-based pigment inks that deliver high optical density for black output and stability over a wide color gamut

Ensure precision front-to-back registration on every page with Contact Image Sensors (CIS) to automatically sense paper position and timing

Get more uptime

Maximize uptime with remote servicing and preventive maintenance

All consumables are user replaceable

Drive continuous improvement, greater efficiency, and cost savings across your print and mail operation with insight made possible through BlueCrest Professional Services

EvoluJet delivers a strong ROI

Cost per impression and maintenance costs are lower compared to toner technology

Simple to operate and easy to maintain

Compact design and minimal footprint require less floorspace

Options

Vacuum feeder provides an additional 4,880 sheet input capacity

High capacity stacker provides an additional 5,000 sheet output capacity

High capacity 3L ink feed system

Lower operating costs

Low acquisition and operating costs make EvoluJet an ideal solution for operations with monthly print volumes up to 1,000,000 impressions. Reliable performance, operational efficiency, low cost per impression and minimal maintenance requirements mean your costs will be a fraction of those associated with toner technology.

EvoluJet features a compact design with minimal footprint. Together with flexible, intuitive set up, your operators will appreciate, you will be able to consolidate more jobs and application varieties on a single platform.

EvoluJet is based on the Kyocera TASKalpha Pro 15000c

Gain a competitive advantage

EvoluJet is a powerful combination of productivity and flexibility in a full-color, cut-sheet inkjet printer that gives you added capabilities to drive business growth. Create more impactful statements, bills, and other critical communications with high-quality, variable-data color inkjet. Eliminate pre-printed shells and add integrity with output that processes seamlessly on BlueCrest mail inserters. Plus, benefit from the predictable workflow needed for complex transactional applications with the built-in EFI Fiery(Digital Front End/Controller). EvoluJet—the robust inkjet printer for the reliability and quality you need to meet client demands every time.

KEY SPECIFICATIONS
